

Setting up a resource listing

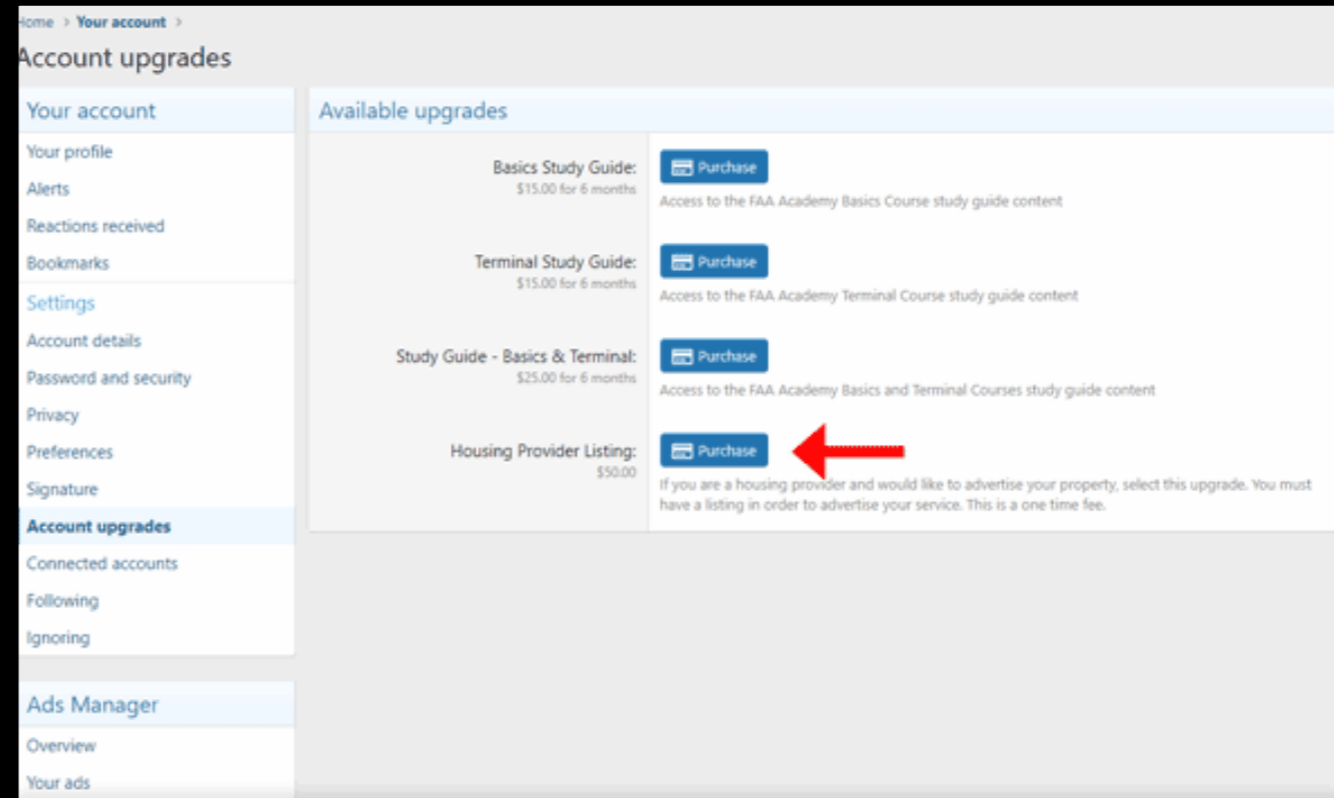

Step 1: Log in, or register a new user account if you don't have one.

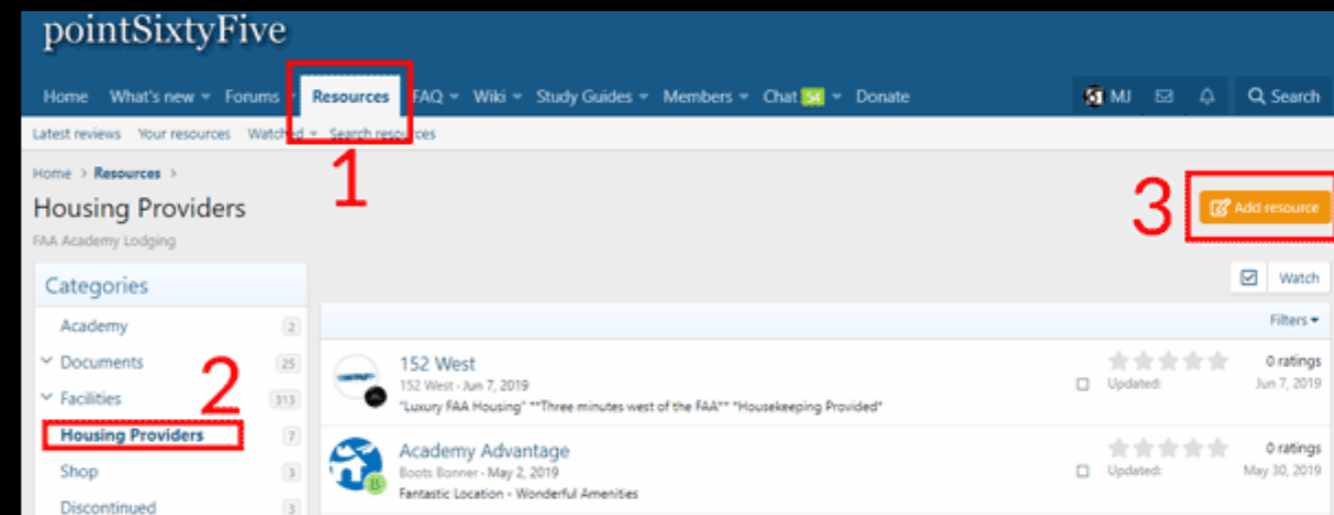

Step 2: Go to "Account upgrades" in the user account menu.

Step 3: Purchase the "Housing Provider Listing" upgrade.

Step 4: Create your listing by going to the resource tab in the main navigation bar. Select the "Housing Providers" category, then the "Add Resource" button.

It may take up to 30 minutes after purchasing the upgrade to be able to create the resource. Resource creation is fairly simple and straight forward, but feel free to ask for help if needed. You can (and are encouraged to) update or modify your listing at any time. The listing will also create a forum thread where users can post to.
